

CONVENTION CENTER

► Welcome to PAX!

As a general philosophy, PAX is about having fun, hanging out with like-minded folk, and pretty much soaking in everything that is awesome about gaming culture. As we grow in size, our content lineup runs deeper and deeper, making the sheer volume of stuff to do a bit intimidating. Hopefully these maps will help you find what you crave.

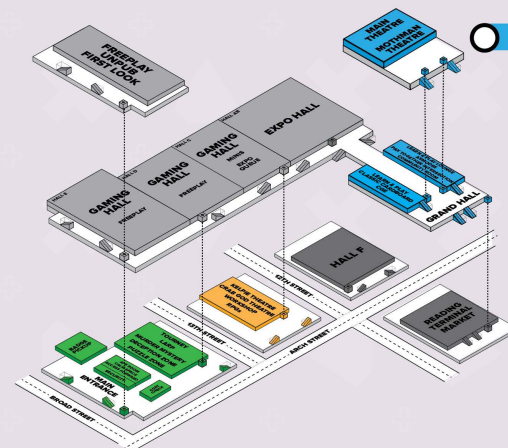

PAX Unplugged 2025 does not have a mask mandate, but it's a good idea to wear one anyway. Not only can they help prevent *you* from getting sick, but they can also prevent you from unwittingly infecting *someone else*. Masks are available at our Info Booth on Level 2 outside Hall A!

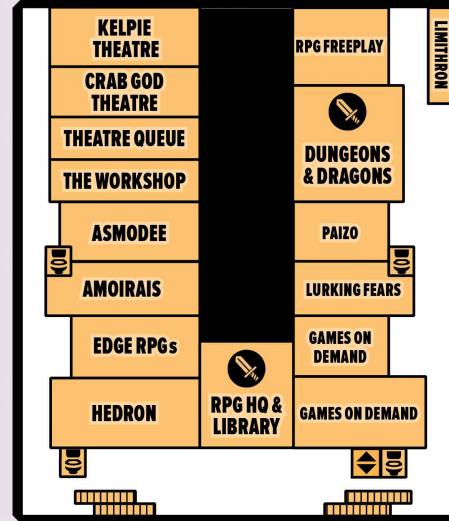

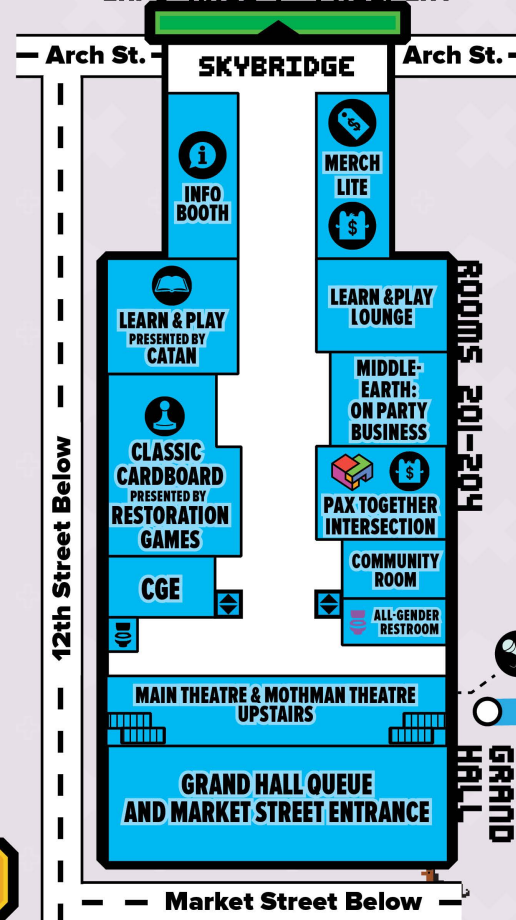

LEVEL 1

ROOMS 115-126

ROOMS 100-114

EXPO HALL / FREEPLAY

INFO BOOTH

Questions? Unsure about the meaning of life, searching for the secret to happiness, or just can't remember what time the Expo Hall closes? The wise Enforcers behind our Info Booth know all. Or, well, at least one of those three.

PAX TOGETHER INTERSECTION

The Intersection aims to be a reflection of the intersectional identities of marginalized gamers. Featuring a variety of community groups and a new game library, it's a safe and supportive space for anyone who wants to find community and commonality with gamers from all backgrounds and experiences.

LEARN & PLAY

New to board games or want to learn a particular game? Check this room out to see some of the industry's biggest names hosting teaching sessions for hand picked classics.

MINIATURES

Whatever your system of choice, PAX has the tables and terrain ready to host your squad. Come for the scenario play and stay for the tournaments.
